our invention thereof or more than the United States of America more been patented or made the subject of foreign to the United States of American twelve months prior to this appropriate than twelve months prior to this appropriate the properties of assigns, excellenged representatives or assigns as a second representative representat	one year prior of this application, than one year prior to this application of an inventor's certificate issued by the prica on an application filed by me polication, and that no application furry foreign to the United States of the prica as identified below:  The prior of this application of the United States of the Unite	that the same was not in public use or on saltion, and I believe that the invention has not before the date of this application in any cour or my legal representatives or assigns more for patent or inventor's certificate on this f America prior to this application by me or	le in t intry e
our invention thereof or more than the United States of America more been patented or made the subject of foreign to the United States of American twelve months prior to this appropriate than twelve months prior to the prior foreign application (s) for patent or inventor application (s) for patent or inventor foreign Application (s)	one year prior of this application, of than one year prior to this application of an inventor's certificate issued by the prica on an application filed by me polication, and that no application furtry foreign to the United States of the epit as identified below:  The prior of this application of the prior of the United States of the epit as identified below:  The prior of this application, and that no application of the United States of the United States of the epit as identified below:  The prior of this application, application, and that no application of the United States of the epit as identified below:	that the same was not in public use or on saltion, and I believe that the invention has not before the date of this application in any cour or my legal representatives or assigns more for patent or inventor's certificate on this of America prior to this application by me or distance. States Code, §119 of any foreign	le in t intry e

that of the above listed application on which priority is claims:

<sup>&</sup>lt;sup>1</sup> (b) Under this section, information is material to patentability when it is not cumulative to information already of record or beind made of record in the application, and

<sup>(1)</sup> It establishes, by itself or in combination with other information, a primafacie case of unpatentability of a claim; or

<sup>(2)</sup> It refutes, or is inconsistent with, a position the application takes in:

<sup>(</sup>i) opposing an argument of unpatentability relied on by the Office, or

<sup>(</sup>ii) asserting an argument of patentability.

A prima facie case of unpatentability is established when the information compels a conclusion that a claim is unpatentable under the preponderance of evidence, burden of proof standard, giving each term in the claim its broadest reasonable construction consistent with the specification, and before any consideration is given to evidence which may be submitted in an attempt to establish a contrary conclusion of patentability.
